Ranches of Colorado - The slide show will include over 250 of the project photographs and John will tell stories about his experiences working with these remarkable ranchers and exploring their ranches...all enhanced with the inspiring symphonic music of Aaron Copland. Both book and slide show will be used to rally support for the use of conservation easements to save ranches by encouraging other ranch owners to do the same, and to raise funds to purchase development rights from ranchers so that these lands can remain in ranching in perpetuity.
