

## Sportsman's Day at the Legislature February 17, 2011

*Be an Advocate for Sportsmen's Interests!*

Day begins at 8:00 a.m. in Room 109 of the Capitol

- Get updates on issues affecting hunting and angling in Colorado
- Meet your legislators
- Learn how to become an effective advocate for your sport
- Join other sportsmen in representing Colorado's hunting and Angling traditions
- Free lunch provided at 1:15 p.m.

Hunting and angling have a \$2 billion economic impact on the state of Colorado and support 20,000 jobs. Through license fees and excise taxes on equipment, hunters and anglers also provide the bulk of funding for wildlife management.

We hope you will join us as we let our legislators know about the importance of hunting and angling in Colorado, and inform them about how protecting habitat, access and opportunities in the field also protect our sporting heritage. We also invite you to contact your state representative and senator and encourage them participate.

Door prizes and hats provided by Shimano and National Assembly of Sportsmen's Caucuses!

To RSVP, or for more details, contact Bill Dvorak at 719-221-3212 or [dvorakb@nwf.org](mailto:dvorakb@nwf.org)
